21. [ ] JGO) Met with Senator Karl Mundt and provided an unclassified blind memo for the Senator's use in responding to a letter from William Loeb, publisher of the MANCHESTER UNION LEADER concerning an article published in the 14 April issue entitled "Missile Buildup in Cuba." The Senator was most appreciative and stated this was exactly the response he had hoped to receive from the Agency and that, since Mr. Loeb is an acquaintance of many years, a response to his inquiry was necessary. 22. [ ] JGO) Received a call from Dorothy Fosdick, in the office of Senator Henry M. Jackson, requesting, if possible, a copy of the resolution of the Conference of Communist and Workers Parties of Europe, together with copies of one or two noteworthy speeches if there were others in addition to the Brezhnev speech. Since Committee information on this conference is rather limited, it would also be appreciated if the Agency could provide for the Senator's background use a statement on the significance of the conference to include information such as important delegations that were present or that had failed to show. I advised Miss Fosdick that I would relay her request. It was noted in passing that if the Committee is to issue a print on this topic, it would need to be fairly soon.
